**Note: The April 1, 2000 Population Estimates Base reflects modifications to the Census 2000 Population as documented in the Census 2000 Population Count Question Resolution program, updates from the Boundary and Annexation Survey, and geographic program revisions. Caution is urged in making year-to-year comparisons of population estimates. When the Census Bureau releases new population estimates for the current year, it also revises estimates for previous years in the decade.**
