<sup>1</sup> Metropolitan areas as defined in 1999

Note: Change is calculated from the April 1, 2000 estimates base. The estimates base includes modifications to the Census 2000 Population as documented in the Count Question Resolution program, updates from the Boundary and Annexation Survey, and geographic program revisions.

Caution is urged in making year-to-year comparisons of population estimates. When the Census Bureau releases new population estimates for the current year, it also revises estimates for previous years in the decade.
