<sup>1</sup> Domestic net migration is the number of in-migrants from other metropolitan statistical areas minus out-migrants to other metropolitan statistical areas. A positive net flow indicates more people moving into an area than moving out of the area.

<sup>2</sup> Total net migration is the number of in-migrants from other metropolitan statistical areas and abroad minus out-migrants to other metropolitan statistical areas. A positive net flow indicates more people moving into an area than moving out of the area.
